

Make sure your Apple TV works with GreenlightTV. GreenlightTV works on Apple TV 3rd Generation, Apple TV 4K or Apple TV HD. If you need help identifying which Apple TV you have, identify your device here.

If you are setting up your Apple TV for the first time, all you need is:

- An internet connection
- An Apple ID. If you don't have an Apple ID, you can create one for free here.
- A TV or other display with an HDMI port
- An HDMI cable (On Apple TV 4K, you need an HDMI 2.0 or later compatible cable)

Apple has very helpful instructions to get your Apple TV up and going in no time:

3rd Generation: <https://support.apple.com/kb/HT210092>

4K / HD: <https://support.apple.com/en-us/HT205358#appletv4kappletvhd>

How to Download Apps on the Apple TV

1. Make sure you're connected to your Greenlight-provided internet
 - GreenlightTV needs to be connected to the internet provided to your home by Greenlight in order to access your entire TV lineup.
2. From within the App Store  search for GreenlightTV, highlight and select the app  to begin downloading.
 - While an app is downloading or updating, its icon appears on the Home screen with a progress indicator.
3. Once it's done downloading, select Open to launch GreenlightTV.
